

Frank Losert

Partner, lic. rer. pol., certified auditor and licensed audit expert

After receiving his business baccalaureate diploma, Mr Losert studied economics at the University of Basel, graduating with a lic. rer. pol. degree in 1994.

He qualified as a certified auditor in 2000 at Ernst & Young. From 2004 to 2013, Mr Losert worked as a senior manager with Deloitte, where, among other areas, he specialized in the foundation and pension fund sectors. He subsequently worked at a medium-sized trustee company operating in an international environment and headed the auditing unit. Frank Losert can look back on many years of experience in auditing local, national and international companies in various industries in accordance with the Code of Obligations, Swiss GAAP FER as well as International Financial Reporting Standards (IFRS). He is also specialized in the auditing of foundations and pension funds. At his various employers, Mr Losert was a member of the internal pension fund specialist unit, an employee representative on the board of trustees of the pension fund, head of the team of in-house quality reviewers, and a member of the learning team. He was a member of the EXPERTsuisse Specialist Sub-Committee on BVG. He is also an audit instructor at the Swiss Academy of Auditing and the Schweizerische Treuhänderschule (STS).

Since October 2018, he has been a partner at Testaris Ltd, where he is responsible for auditing.
